

THE SPECTATOR

20% Population Turnover Is Predicted For Narberth

Ed Griswold, Borough assessor, said the other morning that his recent chores involved making new records for the 125 Narberth properties which had changed hands during the first six months of 1946. He was impressed that there would be a similar turn-over for the last half of the year.

Interesting also was the kind of money being paid by the newcomers, a price of \$11,000 plus not being unusual for a \$2,800 assessment. This means that Narberth's present values are quite on a par with the bombastic advances which are occurring elsewhere.

Among the transactions was the sale of twenty of the so-called "brick-row" houses, the whole batch of them going for \$50,000. They were subsequently resold at a \$15,000 profit, and, after that, some of them were secured by veterans at a still higher mark-up.

Meanwhile, the demand generally quite exceeds the supply, and while many residents would like to pick up some of the easy money by selling the old homestead, most people are acutely aware that they would have to pay through the nose for a new house, even if they were able to find one. The matter of income tax on the profit is also a surprise feature to some of those who have sold, for Uncle Sam is right on the heels of all real estate transactions, and he sees to it that he gets his generous cut.

As to the kind of people who are moving in, Ed reports them all to the good. Most of them are still in their aggressive years, on their way up in the economic scale, and their natural curiosity in their new habitat spells a greater interest in community affairs than was so with most of those who have left. Politically, the new residents correspond with what has always been the case here, overwhelmingly Republican, except that the percentage of non-partisan voters is said to step up the local average.

Those trades and organized activities which thrive on new blood should find a great deal of interest in this turnover of 20 per cent of our population, for that is what the ratio seems to be if 250 houses changes hands in a year, almost a thousand persons, compared to the 5500 which the last census gave us. There was a time in Narberth's career when the welcome mat was put out in a formal manner for those who came to take abode here, but we have lost the country touch in recent years, and newcomers are pretty much left to find their own way and to shift for themselves.

That reveals, in turn, that Narberth is well on in its middle age, of which fact there is rather more evidence than some like to see.

When Ed was telling about the changed status of things, the Burgess stopped in and the inquiry was raised as to whether or not these higher prices for real estate did not warrant increased assessments. The Burgess thought it would make no particular difference. He said it was best to secure any extra income needed from a higher rate. The tax rate, he pointed out, could go up or down, as the need warranted, subject only to the action of Council. Norristown would have its say about assessments, and the Courts also have the right to disapprove of the assessor's ruling.

It was also indicated that this year's Borough's tax receipts are somewhat shy of the total amount required, official costs having advanced in the same way as household costs generally. That makes it appear that we will have more times next year, and so will most places. Even so, Narberth will continue to be a low-tax community, and if you don't think so, check notes with your Philadelphia friends, who pay far more and get far less than this well-run town.

There has never been any discord of consequence here on the equity of our taxes, but there are many who are convinced that higher rates would prove a notable investment for Narberth residents.

School Bus Crowding Protested

Strong protests against "illegal and dangerous overcrowding" of school children into Township school buses were made at Monday night's meeting of the Lower Merion Board of School Directors.

69 in One Bus

One protesting parent told the Board that last week she counted 69 children crowded into a bus with a legal limit of 37. The State Law allows only 25 percent overcrowding of school buses.

Another said her 15-year-old son became ill every afternoon after he rode home on a school bus and had to be put to bed until it was time for him to go to school against the next morning.

After listening to the protests, School Board officials pointed out that the Board not only can't get additional buses to relieve the overcrowding, but can't even replace its old and worn buses with new ones.

Doubling Impossible

To provide every school child with a seat, they pointed out, the School Board would immediately have to double the number of buses it owns, a manifest impossibility.

Two new buses are now on order, E. E. Burlingame, School Board president asserted. And, bids for two more buses were opened at Monday's meeting, but both were referred to the Purchasing Committee after it was announced that the bidders could neither meet Township specifications nor set a definite delivery date.

One protesting parent, Mrs. James A. Lynd, of 733 Beacon Lane, Merion, suggested to the Board that school bus routes be re-arranged in an effort to reduce overcrowding, on some routes. The same day she counted 69 children in a 37-capacity bus, she said, she observed another bus with a capacity of 37 carrying 69 children.

Horse Thief Posse Plans Annual Fete At Masonic Hall

Members of the 93-year-old Lower Merion Society for the Recovery of Horses and the Detection of Horse Thieves will gather for their annual oyster feast and gala doings Saturday, November 9.

As usual, their patriarchal president, Luther C. Parsons, will be on hand to greet his colleagues when the roll is called at 5 P. M. in Masonic Hall, Ardmore. At 6:30 P. M., dinner will be served.

The menu reads like this: oysters (on the half shell); oysters (in stew); oysters (scallop); oysters (fried with chicken salad on roast turkey); potatoes, cranberries, rolls and coffee.

Speakers will be a fellow enemy of horse thieves, Howard Lutz, president of the Upper Darby Society for the Recovery of Stolen Horses; and Dr. Andrew Mutch, Bryn Mawr pastor.

Penn Valley Doctor Plans To Establish A Blood Plasma Center In Italian City

Plans to establish a blood plasma center in war-ravaged Italy are being made here by a Penn Valley physician, Dr. Max Strumia, Director of the Clinical Laboratory at Bryn Mawr Hospital.

Dr. Strumia, who lives at 847 Bryn Mawr Ave., returned home last month from a trip to his native country to report on the conditions of hospitals and medical schools there.

One of Italy's greatest needs, he found, was a central plasma center to serve all the hospitals of the peninsula. Dr. Strumia hopes to send enough materials to his old medical school, at Turin, Northern Italy, and to establish the center there.

From Turin, the life-saving plasma would be rushed to hospitals and clinics throughout Italy in the way Dr. Strumia, with another Bryn Mawr physician, Dr. John McGraw, helped develop for the American Army during the war.

... Being a Column of Chatter About People You Know

By Dorothy M. Ogden

The Boro will be missing Louis Di Luigi, better known as "Louis, the Tailor," who retired from his cleaning and dyeing business at 234 Woodbine Ave., last Monday. He and his wife are going to be moving to Atlantic City soon, and Philip Galli will be taking over his shop and business.

Pat Nahm, E. A. Clarke's secretary, was telling me that Mr. Galli had a similar establishment in town—Clarke's handling of the sale was how she knew about it.

Understand that Frank Seise, of 21 Shirley Rd., was the man who had the job of cutting the hole in the Hampden Rd. fence. It must have been quite a task, according to Boro officials, on whose authority he did it. Now the residents of that section can get to the stores on the other side of the block, so everyone should be pretty happy that that much of the fence is open for pedestrians.

Congratulations to the Walter Roselle family, who have a new son, James. You'll remember that Mrs. Roselle is the former Nancy MacKenzie, of Narbrook Park. They have named the baby for Nancy's father, who died just last year, and her brother, who lost his life in action. Nancy and Walter, by the way, are living in Germantown, but her mother still lives at 24 Narbrook Park.

ON THE SICK LIST... Mrs. Walter Tait, of Avon Rd., is just back from the hospital where she had an operation. Do hope that she is feeling better. ... Same to Mrs. A. F. Johnston, of 110 Iona Rd., who has been ill for some time.

The Women's Community Club of Narberth really had themselves the tea of many a year last Tuesday when they gathered together their past presidents and presidents of women's clubs from all over the County.

The Club decorated the Community Building with Oriental rugs, ferns and furnishings from members' homes until the place looked like something out of Arabian Nights—everyone said that she had hardly expected anything so wonderful, and everyone had such fun meeting up with friends from past years. When those club members put on a show they really do it up brown, and little wonder with such a wonderful person running the show as Lou McCartney.

I was told to inquire how a certain prominent gentleman in our town made out on his first trip to Garden State last week, but I promised to mention no names, so inquire around for yourselves.

Remember the attractive red-headed librarian, the former *Madeline Hamlet*, who used to run the Narberth Library? Well, just the other day we heard that she and her husband, Edmund Wordell, became the proud parents of a daughter, Amy Lynne. Madeline and Ed have been living in Fall River, Mass., for some time now, but her parents still live over on Woodside Ave.

Narberth Speaker

DR. E. S. JONES

Dr. Jones, missionary and author, will be guest speaker at the Narberth Methodist Church Friday, Nov. 1, when the Church will be host to all Protestant Churches on the Main Line. The meeting will start at 8 p. m. with a song service led by Mr. and Mrs. Walter Eddowes, of Ambler. Officials of the church are preparing for a congregation of 1500. Music from the new amplifying system in the tower of the Church will be heard throughout the meeting.

Collections Delayed by Pipelines

Ash, Trash Removal To Follow Winter List October 28

Enlarging of storm water and sewer pipelines along Brynwood and Wynndale Rds., to accommodate a new pipeline to be laid by Montgomery County has delayed the Winter Schedule of ash and trash collections in Narberth.

Borough workmen have been removing the old pipelines for several weeks, but have not been able to complete the work in the time scheduled for the job.

Costs and financing of materials and labor for the new line, which will run from Montgomery Ave. to Wynndale Rd., will be borne by the County.

Residents Complain

The new line is being laid at the request of residents of the area who complained that their homes were being flooded by excess water not carried off after storms.

Due to the fact that Brynwood Manor Rd. is not owned by the Borough but by individual property owners, Henry A. Frye, Borough solicitor, was forced to obtain right-of-way concessions before work could be started.

Regular ash and trash collections will be resumed during the week of October 28.

Young People Entertain At Buffet Supper

The Junior Christian Endeavor Society of the Narberth Presbyterian Church will meet Sunday night at 6:45 P. M., under the direction of Mrs. James A. McDill.

The Senior and Young People's groups of the Church will entertain members of the Roslyn Presbyterian Church at a buffet supper to be held at 5 P. M., Sunday night. Miss Ruth Penman, of British Columbia, Canada, will speak of her work with the Rev. Daniel Finestone in Philadelphia, at the regular meeting of the group to be held at 6:45 P. M.

Health Program Reported

County Official Guest Speaker At Meeting

A. M. Kulp, supervisor of Montgomery County Schools, told members of the Narberth Parent-Teachers' Association that the new Pennsylvania school health program provides an efficient and thorough physical examination of all school age children.

Kulp, guest speaker at a meeting of the Association held Monday night in the auditorium of the Narberth Public School, stated:

"Medical inspections in the past were usually very superficial—40 in one and a half or two hours—but the new State act provides for not more than four examinations in any hour, and not more than eight dental examinations one hour.

Accredited Doctors

"These examinations must be made by doctors and dentists who are registered and licensed to practice in the State of Pennsylvania."

Kulp pointed out that the program not only requires examination of all children, but also includes professional employees, temporary employees, janitors, custodians, bus drivers, cafeteria workers, cooks, and all other school employees.

He also stated that although examinations are more rigid and thorough, there is still no provision for remedial work except that done by the families themselves.

"In many homes," he said, "there isn't enough money or interest to take care of the defects."

Miss Natalie Pollock, Narberth School health nurse, reported that school medical examinations have already been started in Narberth by Dr. Arthur J. Denman. Miss Pollock also reported on her work of inspecting sanitary conditions, seating accommodations and lighting in school rooms, as well as first aid facilities.

Dental Start Soon

W. J. Drennan, principal of the School, stated that Dr. T. Monroe Rees would start dental examinations as soon as a floodlight is secured for the health examination rooms. All other dental equipment has been obtained.

Drennan also stated that both physical and dental equipment will be used jointly by the Narberth Public School and St. Margaret's Parochial School.

J. A. Lafore Speaks At G.O.P. Rally

Responsibility for the outcome of the election on November 5 was laid squarely in the laps of the committee people and workers Monday night by John A. LaFore, Jr., chairman of the Lower Merion Township Republican Committee.

LaFore spoke at a rally of West Ardmore workers held in Republican headquarters, 44 W. Lancaster Ave., Ardmore. He was introduced by Michael McDonough, chairman of the West Ardmore Republican Club, who conducted the meeting.

"The future of our party," he declared, "lies within such district meetings as this one tonight."

No National Plan

"There is a feeling in Washington that there is no policy or plan being followed by the present national administration."

"How can a nation run without a plan? You know, as well as I do, that no business, no organization of any sort can continue successfully for very long without a plan, without long-range thinking. Yet, today, we have no long-range thinking in our country. That Washington picture we must change. We must keep the good picture we now have in Harrisburg. It is up to us—rather, it is up to the voters, but unless we present the issues to them, see that they get out and vote, we shall be failing in our duty and our responsibility."

Hammonds Spoke

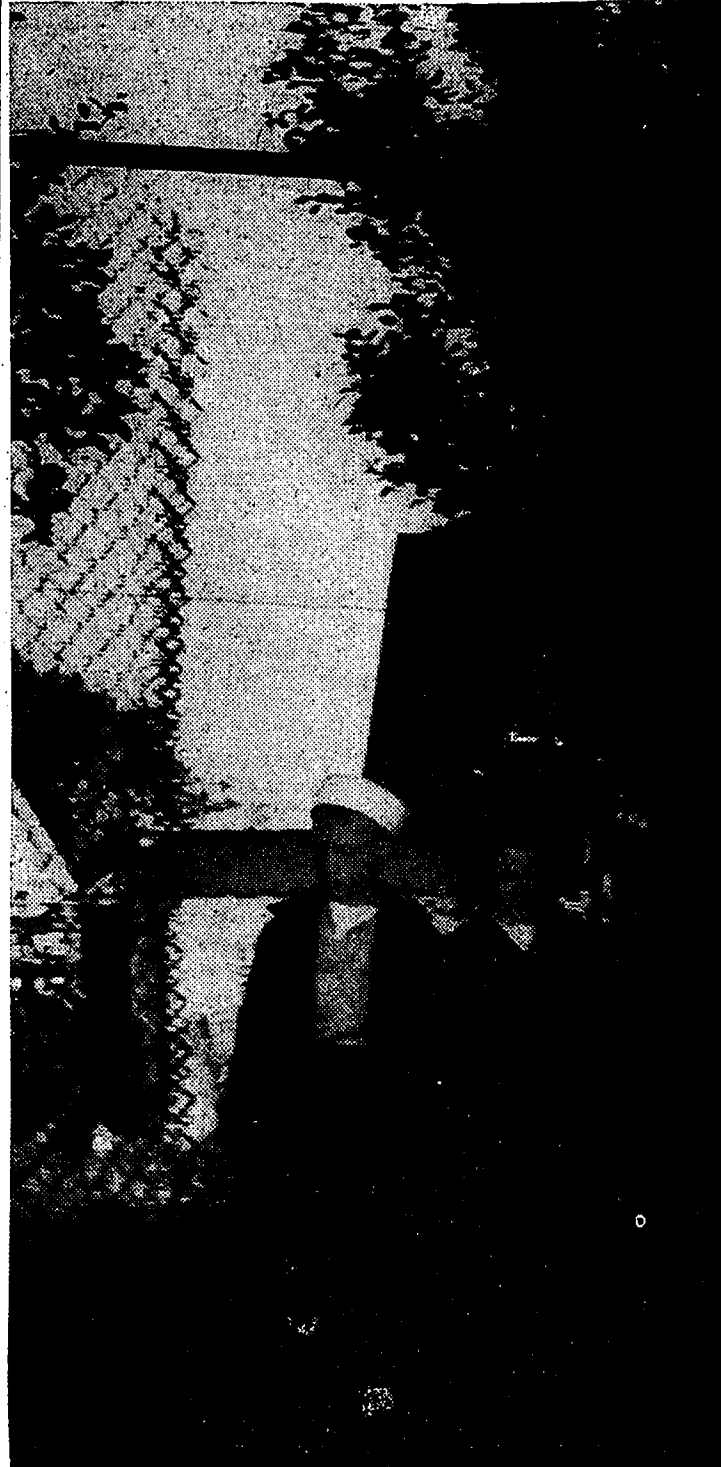

Walter Hammonds, Lower Merion Township treasurer, told the workers: "We have the tools to do what has to be done on November 5. It is a real responsibility, and it rests on the shoulders of the committee people."

Individual workers were assigned their territories by McDonough, Mrs. Josephine Bright, West Ardmore committee woman, and Charles Ross, the district's committeeman.

Ross reminded the workers of the big, county-wide rally scheduled for Norristown on October 31, when Governor Edward Martin, Attorney General

Borough officials ordered the hole cut in the barrier this week as a temporary measure until it can be removed entirely.

Twp. Seeks Police Support For Pension Fund Changes

A second meeting of the Board of Directors of the Police Pension Fund Association has been called for Friday afternoon in an effort to win police support of plans to dissolve the Association.

Meanwhile, this week, members of the police force continued to express their opposition to the Township Commissioners' project to merge the fund into a proposed general township employees' pension scheme.

Separate Fund

Under terms of the plan, the Police Pension Fund Association would be dissolved and its assets set up as a separate fund for the benefit of present members, who would continue to pay four dollars a month into the fund. New policemen, never members of the Association, would be covered by the proposed general Township employees' fund and would contribute three percent of their wages, which

contribution would be matched by the township.

Appeals to the public for contributions would be discontinued.

Chief Objection

Chief objection of the rank and file of police has been the Commissioners' proposal that the normal retirement age be raised from 55 to 60.

In an effort to meet this objection, the Commissioners this week made the following offer:

"Each member," a letter signed by Township Manager Evan L. James and handed to members of the police last week stated, "upon reaching the age of 55 years or upon the completion of 25 years of service, whichever occurs first, shall have a vested interest in the fund and shall be entitled to pension benefits at the rate of \$75 per month, to begin as soon as the

Victory Will Not Be Invitation To Reaction - James H. Duff

James H. Duff, and not Joseph N. Pew, Jr., oil magnate, is candidate for Governor.

If Pew chooses to cast aspersions on Republicans who voted for Roosevelt and the New Deal, he is exercising his privilege of free speech. But he is not speaking for independent-minded Duff who as State's attorney general has always been equal to speaking for himself.

If Republicans win future elections it is the Duff-type of leadership that will make these victories possible. Candidate Duff knows we must look ahead toward new goals and stop wasting precious time boxing with dead issues.

Thinking Republicans also know that victory and a progressive social order can never be born of hate and old bitterness. Thousands of Republicans who turned toward the New Deal and left their party bereft of its majorities in the Roosevelt era were inspired by conscientious courage. We may still differ with their choice, but as citizens of a Democracy we cannot question their integrity.

Those who found hope and inspiration in the social reforms of our period have no cause for worry. Their will is still in the majority, and it is their collective will which is destined to prevail.

Duff has pledged to the people of Pennsylvania that the clock of social gains will not be turned back. He said just this on the very day that Pew delivered his "political rats" speech in Philadelphia.

We quote from Duff's speech:

"Victory for the Republican Party will not be an invitation to reaction. Personally, I would be unqualifiedly opposed to the relinquishing of any of the real social gains of our period. Furthermore, I believe there is still room for improvement both in Pennsylvania and the Nation. As a matter of fact, there will always be room for improvement and for a forward looking policy so long as we continue to make progress. However, that improvement and that progress must be made within the framework and according to the methods that are the American way of doing things and not in the fashion or according to the mode of some foreign European systems."

To Begin Rd. Curve Removal

E. Wynnewood Road Curve Contract Awarded Last Friday

Construction of a new road to eliminate the hazardous E. Wynnewood Rd. curve is expected to begin in the very near future.

State Highway Department officials this week announced that a contract for the work was awarded last Friday to the Seaboard Construction Co., of Hunting Park Ave. and "E" St., Philadelphia.

Two Other Projects

Widening of Bala Ave., Bala, and the construction of a new drainage system in Wynnewood to lessen the danger of damage during heavy rains will also be undertaken by the Philadelphia contractors.

Actual work on the three projects, Highway Department officials emphasized, cannot begin until terms of the contract have been approved by the Attorney General and the Seaboard Co. proves its ability to meet the Highway Department's minimum qualifications.

Opening of bids by the Department last Friday came after bids for the three projects had been advertised for second time. Bids were first opened Sept. 13, and, after the Department received no answers, they were advertised for a second time several weeks ago.

State to Do Work

Work on the E. Wynnewood Rd. curve will be undertaken entirely by the State Highway Department. The Borough of Narberth and Lower Merion Township, however, will be billed by the State for their share of the work.

The State plans to construct a concrete-reinforced road on an acre and a half of ground given to the State in 1914 by the late Parker Williams to eliminate the curve, described by Police Sgt. Joseph Mawhinney, of the Accident Investigation Squad, as "one of the worst in the township."

The new roadway, with a uniform width of 22 feet, will run from a point opposite the railroad tunnel to slightly beyond Elmwood Ave., Narberth. East Wynnewood Rd. at present varies in width from 20 to 24 feet.

The West side of Bala Ave. will be widened from Montgomery Ave. to Highland Ave. by an overall width of four feet. A new concrete sidewalk was built by the Township last Fall in anticipation of the State's plans to widen Bala Ave. itself. At its completion the street will be an eight inch, uniform, reinforced concrete pavement.

As a part of plans to improve the drainage system of South Ardmore and Wynnewood, a new concrete inlet will be constructed at the corner of Argle and Hillside Rds.

Six existing inlets on Haverford Rd. between West Wynnewood Rd. and the Radnor Township Line in both Lower Merion and Haverford Townships will be enlarged to carry off excess rain water.

Friday's Gale Ruins Garage

Paul Bunyan at his best couldn't have done a better job than the wind did last Friday night when it came to uprooting trees and dropping them in the wrong places.

The 50-mile gale that swept through the Main Line during the night picked up a 75-foot tree in the rear yard of the recently purchased home of Mr. and Mrs. Harry Hutchinson, Jr., at 100 Maple Ave., Narberth, and put it down again precisely on the top of a three-car garage owned by Mr. and Mrs. Robert A. Class, of 104 Maple Ave., also newcomers to the Borough.

Two of the cars were owned by the Classes, and the other, by Dr. Roy K. Marshall, of 26 Elmwood Ave. Mrs. Class had left one of her cars only a half hour before.

The three cars, nursed carefully to last during the war years and until they could be replaced, were completely demolished. They were covered by insurance, but.....

Does anyone know where three-second-hand or new cars can be purchased these days?

Blood Donations Asked

Edwin P. Dold, of 114 Elmwood Ave., Narberth, Borough Treasurer, this week appealed for donations to the blood bank at Bryn Mawr Hospital. The blood is needed to replace that used during the illness of his wife, Mrs. Dold, a resident of Narberth for more than 38 years, died October 10.

School Board Lists Changes

Two appointments were made, two resignations were accepted, and one military leave of absence was granted at Monday's meeting of the Lower Merion Board of School Directors.

Mrs. Beth Hall Jones was appointed to fill the vacancy which will be created when Mrs. Gertrude G. Evans, of the staff of school nurses, leaves her duties at the beginning of the Christmas holidays. Mrs. Jones will report for duty January 6, 1947.

Miss Margaret V. Morris was appointed to take the place of Albert C. Mossin, whose resignation was accepted at the last meeting.

Robinson Heard, of the Senior High School, has been recalled to duty by the Army Adjutant General's office in Washington. The School Board granted him military leave, effective October 25, 1946, until the opening of school in September, 1947.

Miss Mildred Parden's resignation was accepted although she had already been granted a sabbatical leave of absence for the current school year.

Bernard Forney, of the Senior High School, resigned as of October 31 to take a position with his alma mater, Dickinson College.

Rds. Readied For Winter

Work to ready Lower Merion roads for the rigors of winter is being undertaken by both the State and Township Highway Departments.

A Township-wide program of patching macadam roads and filling cracks in concrete and sheet asphalt roads was started several weeks ago and is expected to be completed before the first frost.

The State Highway Department also has announced that work is now being completed on its roads in the Township of one of the heaviest oiling programs in the history of the department.

Handicapped during the war by labor shortages and scarcity of equipment and repair parts, the Department has since May sought to make up lost time by applying a record number of gallons of road oil on macadam roads here. Walter E. Rosengarten, Township Engineer, said this week work is being completed on the widening of 30th Ave., between Cricket and Ardmore Aves. The new road will be 20 ft wide from curb to curb, compared with a previous width of 22 ft.

Work on 30th Rd., between Mill Creek Rd. and Green Lane, above the Mill Creek creek, is also reported to be completed.

A new bridge has been completed on the Mill Creek branch of Indian Creek on the Shortline Trace, and a new bridge is being constructed on 30th Ave., between Thornbrook and 34th St. Rd., Rosemont.

Rev. Clinton M. Cherry, pastor of the First Presbyterian Church, will preach on the subject, "Our Protestant Heritage," at Sunday morning worship services at 11 A. M.

William L. Batt, former vice-chairman of the War Production Board, will be the principal speaker at a Community Chest pre-campaign meeting of the Main Line Division, No. 2, Zone A, Districts Department, to be held in the Bryn Mawr Public School, Bryn Mawr Ave., and Old Lancaster Rd., Monday, October 28.

Batt, whose subject will be "Am I My Brother's Keeper?", recently received a Presidential medal for "exceptionally meritorious conduct in the performance of outstanding service to the United States". member attains the age of 60.

Police interpreted this offer to mean that while a man could retire at the age of 55, he would have to wait until he was 60 to receive any benefits.

This, they stated, was really no offer at all.

James' letter said that the Board's offer was decided upon at a Commissioners' meeting held last Monday. This meeting was later listed by James as a "committee meeting," and was closed to the public and press. No mention of the pension plan was made at last Wednesday's regular meeting.

The letter also noted that members of the force feared that if the Township guaranteed the fund, public contributions would decrease and "members of the association would not have the opportunity of increasing the retirement allowance above \$75 per month." No further reference to this objection was contained in the letter.

In answer to police queries whether or not paid-up members of the Association could join the Township Retirement Plan in order to supplement the \$75 monthly benefit, James' letter stated that members of the force who have paid dues for 20 years would have the option of joining the general fund.

W. W. Bodine, president of the Board of Directors of the Association, this week reiterated his statement that a vote of all members of the Association would have to be taken before the fund could be legally dissolved.

He said members of the general public who have contributed to the fund above a specified amount are listed as voting members of the Association.

The Boro has surely been missed since he started work at the Bianco Aircraft Company in Wilmington. He's doing production work down there, which is right in his line, as he was with Brewster Aircraft before the war.

Hop Bud McDewitt (he used to live at 107 Windsor Ave.) and Charlie Stoudt (of Woodside) are having fun in Florida. They left a couple of weeks ago, and are going to spend the winter working down there.

A momentous event is about to take place on the edge of the Boro, but it will concern nearly everyone in town. A construction company in Philadelphia (Seaboard construction is its name) has answered the State Highway Department's advertisement to remove that Wynnwood Rd. curve at the entrance of the Pennsylvania Railroad Bridge . . . so it won't be long now till that place will be safe for drivers and pedestrians.

A group of Narberth girls is having quite a vacation in Bermuda this week sounds like the best idea for vacationing I've heard in a long time. Seems that "Weezy" and Mary Ella Becker and three friends decided to save their vacation till Fall, at which time they caught a Clipper in New York for Bermuda. They will spend almost all of their two weeks there and then will finish the tour with a couple of days in New York. Other Boros to go are Lucy Censore, of Woodbine Ave., Louise Devine, of Claremont Rd., Penn Valley, and Peggy Duffy, of Dudley Ave.

"Weezy" and Mary Ella are the daughters of the Charles Becker family, at 112 Forrest Ave.

School Bus

(Continued from Page 1)
capacity of 59 carrying only 31.

Another parent, Mrs. Joseph Whiting, of Cynwyd, asked the Board if it had ever considered renting additional buses during peak hours.

When Frank A. Dubois, School Superintendent, told her the Red Arrow Co. had told him they could not spare any equipment, Mrs. Whiting asserted that she had been informed that the Merz-Whitney Bus Co. rented buses for \$18 a day.

Several of the parents sought to link overcrowding in buses with last Tuesday's accident in which a 15-year-old Bala-Cynwyd girl was seriously injured by a school bus on City Line Ave.

To this charge, Burlingame replied that no child had ever been hurt inside a bus during the 32 years the School District has been transporting pupils to and from schools.

Last Week's Accident
In last Tuesday's accident, he pointed out, the girl was injured as she attempted to board a bus after it had started up.

Actually, Dubois commented, children riding in crowded buses run less risk of getting hurt than those in less crowded buses, since they are so tightly packed.

School buses, he said, are rigidly inspected every year by State Police to insure the utmost safety.

Burlingame assured the parents that "the School Board is going to do everything it can to alleviate crowding in school buses."

Added Responsibility

"The School Board," he said, "not only considers each child as its own, but in addition has the responsibility of taking care of the child during school hours."

At the close of the meeting, Mrs. Fred A. Platte, of 362 Merion Rd., Merion, who has two teen-age daughters attending the Senior High School, said that last year a Student Council survey revealed the overcrowded conditions on school buses.

"If there had been a Parent-Teachers' Association in the Township, this condition might have been corrected at that time," she said.

"The School Board," she asserted, "has never encouraged the formation of such a group."

GOP Rally

(Continued from Page One)

Club Presents

Mrs. Ralph N. Mitchell, Jr., of 628 Malvern Rd., Ardmore, president of the Courtesy Club of the Philadelphia Electric Company Athletic Association, presented a check for \$230.00 to the Salvation Army last Friday afternoon at a meeting of the "Army's" Home and Hospital Auxiliary, 5930 City Line.

Fawn colored, "Duchess" stands 33 inches at the shoulder and weighs about 130 pounds. She is five years old.

She is the special pet of Anthony, eight-months-old daughter of the Gerbig's, who cannot understand why her friend has not slept in her accustomed place by her bed.

HOUSE SOLD
An undisclosed person has purchased the residence and three and one-half acres at 123 Booth Lane, Haverford, from William Park Brazier, Jr., for \$26,000. William I. Mirkle Co-represented Brazier.

James W. Burkey, Carpenter, Dies

James Wilbur Burkey, a retired Main Line carpenter, died last Friday at his home, 1461 N. 60th St., West Philadelphia, after a month's illness. He was 80 the Monday before he died.

He was a member of the Ardmore local of the United Brotherhood of Carpenters and Joiners of America. He is survived by his daughter, Mrs. Anna Morrison, of the West Philadelphia address, and his brother, William S. Burkey, of Paoli.

Funeral services were held Tuesday afternoon from his home, and burial was in Mt. Moriah Cemetery.

Solemn Mass For Wm. J. McLaughlin

A Solemn Requiem Mass for William J. McLaughlin, an Autocar Co. employee for 11 years, was celebrated Monday at All Souls' Church, 19th and Tioga Sts., Philadelphia.

Mr. McLaughlin, who was 50, died at his home, 3416 N. 18th St., last Wednesday, after an illness of four months. He had been employed as a machinist and checker at the Autocar Company in Ardmore.

He is survived by his wife, the former Susanna Magee; and four sisters, Mrs. Regina Vondran, of North Philadelphia; Mrs. William O'Donnell, of South Philadelphia; Mrs. William Baker, of Camden, and Mrs. Thomas Bushman, of Harrison, N. J.

Interment was in Holy Sepulchre Cemetery, Germantown.

Merchants to Stay Active

Decision to continue the Ardmore Merchants' Association as an active organization was made at Tuesday's meeting by a unanimous vote of members present.

"Despite the fact that I'm not satisfied with the cooperation we have been getting from the merchants of Ardmore, I feel there is a definite need for our type of organization. The parking meters now going up on Lancaster Ave., are a direct result of our campaign for some solution to the parking problem last year," Raymond O. Eyer, president of the Association, stated.

A committee was appointed to study group advertising plans. Joseph Butera, Leonard Soloff, Pertz Pippin, William Cloud and Jack Levy were asked to serve on it.

Plans for Christmas decorations were discussed and a committee was appointed to inquire about costs of street lighting. Barney Fischer, David J. Darrow, Frank Sussman, William F. Whelan, and Cye Cohen are the members.

Ask Woman On School Bd

A move to place another woman on the Lower Merion Township School Board was launched Monday night when letters, suggesting names for possible candidates, were read at the board's regular meeting.

There will be a vacancy on the board on November 1, when the resignation of Dr. Joseph E. Sands becomes effective. At present, Mrs. S. E. Slocum, of Ardmore, is the only woman member of the board.

One letter came from the Lower Merion Township League of Women Voters. It suggestions included Mrs. W. G. Cuff, 824 Morton Rd., Bryn Mawr, who operates an electrical contracting business in Bryn Mawr; Mrs. Richard Squires, a housewife, 1100 Youngsford Rd., Gladwyne, and Mrs. William Stockton, of Montgomery Ave., Bryn Mawr, president of the Bryn Mawr Women's Club.

Mrs. Cuff was also suggested in a letter to the School Board from the East Bryn Mawr Town Meeting.

Dr. Sands, who was appointed in 1937 to replace Dr. E. S. Deuhl and later was elected to the board, has resigned because of the increasing demands of his practice.

Captain Raby Receives Air Medal Award

Captain John Raby, 39, USN, husband of Mrs. Marion B. Raby of 120 St. George Rd., Ardmore, has been awarded the Air Medal for services at Wake Island in October, 1943, by the Secretary of the Navy James Forrestal for the President.

As leader of a carrier air group in two major strikes against the Japanese at Wake, Captain Raby directed the attacking units and made low-altitude observations of the damage inflicted on the Japanese.

Text of his citation is as follows: "For meritorious achievement in aerial flight as leader of a carrier air group in two major strikes against Japanese forces at Wake Island October 5 and 6, 1943. A brilliant and forceful leader, Captain (then Commander) Raby skillfully directed attacking units under his command in relentless determined raids against the heavily fortified island and, despite intense persistent anti-aircraft fire, repeatedly circled the target area at perilously low altitudes to make accurate observations of the damage inflicted on the enemy. By his outstanding airmanship and bold tactics, Capt. Raby contributed essentially to the success of our operations in this vital theater of war, and his unwavering devotion to duty despite extreme peril was in keeping with the highest traditions of the United States Naval Service."

Hero Gets Bronze Star P'humously

Lt. (jg) Thomas Walsh, USNR, killed in action in May, 1945, while serving aboard the USS Roper, has been posthumously awarded the Bronze Star Medal by Secretary of the Navy James Forrestal for the President.

His wife, Mrs. Regina Dolores Walsh, lives at 200 Stoneway Lane, Merion.

Lt. Walsh lost his life while directing his crew to safety when they were threatened by a Japanese Kamikaze plane. The plane crashed just as the last man reached cover. Lt. Walsh was hit by a fragment and was killed instantly.

Text of the citation is as follows: "For heroic achievement as First Lieutenant and Damage Control Officer, on board the USS Roper in action against enemy Japanese forces off Okinawa, Ryukyu Islands, May 25, 1945. Quickly estimating that a pursued Japanese plane was about to crash into his ship, Lt. (jg) Walsh ordered his repair crew to cover.

Undaunted by the approaching peril, he remained standing on the after deck to direct the last man to safety, but in the act of taking cover himself, was hit and instantly killed by a fragment from the exploding plane. His cool courage and valiant conduct in the face of a sudden emergency reflect the highest credit upon Lt. (jg) Walsh and the United States Naval Service. He gave his life for his country."

Vets Subsistence Allowance
Recent legislation placing a limitation on subsistence allowances for veterans enrolled under the G. I. Bill for education or training who are obtaining compensation on the side has brought a flood of inquiries about the new VA regulations concerning this phase.

Briefly, the new law provides that "in no event shall the rate of such allowance plus the compensation received exceed \$175 per month for the veteran without dependents or \$200 per month if he has a dependent or dependents." The limitation applies to veterans whether they are earning money outside while going to school or earning wages in apprentice or on-the-job training. In other words, if a veteran is going to school and earning \$150 per month on the outside, his subsistence would be cut from \$65 per month to \$25 to come within the \$175 per month limitation, if he is without dependents.

Veterans administration says that for perhaps three months, perhaps longer, veterans will get the same amount they have been getting in the past, but that enclosed with each check mailed up to October 31 will be a notice from the VA describing the changes in the G. I. Bill and warning each veteran that he later may have to return some of the money he now is receiving in subsistence allowance during interim period. The same notice asks each veteran to give his training officer or regional office not later than November 5, a statement of his earning during August, September and October. Veterans are warned that further checks will be delayed until this notice is received, so they should be sure to meet the November 5 deadline. After the veteran has turned in his notice, VA will start making adjustments in any subsistence allowance that requires changes. If there is a refund due the government, however, no time limit is set for returning this money.

Launched from his parent carrier when a large enemy surface force attacked units of our fleet, Lt. (jg) Higgins braved intense anti-aircraft fire to carry out effective bombing and strafing attack against a hostile cruiser and destroyer and, by his outstanding skill and daring, contributed to the success of our forces in this decisive engagement and to the defense of our ships in this area. His cool courage under fire, gallant fighting spirit and unwavering devotion to duty reflect the highest credit upon Lt. (jg) Higgins and the U. S. Naval Service."

Boro Officer Wins Award

For service as commander of gunboat group in action against Japanese forces on Leyte Island, October 20, 1944, Commander Robert S. Rickabaugh, USNR, husband of Mrs. Beatrice E. Rickabaugh, of Avon Apts., Narberth, has been awarded the Legion of Merit by Secretary of the Navy Forrestal for the President.

Text of the citation is as follows: "For exceptional meritorious conduct in the performance of outstanding services to the Government of the United States as Commander of an LCI (Gunboat) Group during operations against enemy Japanese forces on Leyte Island, Oct. 20, 1944.

"Participating in the leading assault wave, Cdr. Rickabaugh brought his ships within a short distance of the beach, and in the face of enemy fire delivered an accurate and devastating rocket and gunfire bombardment which greatly weakened enemy shore installations and considerably reduced enemy opposition to the assault.

"His devotion to duty, initiative and resourcefulness were in keeping with the highest traditions of the United States Naval Service."

Ardmore Optimists Hear Rev. Landherr

The Rev. Stephen Landherr, moderator of the Philadelphia Catholic Guild To Aid the Deaf and Hard of Hearing, was guest speaker Tuesday afternoon at the regular meeting of the Ardmore Optimist Club at the Lanerch Country Club. Dr. Kermit H. Lyman presided.

Rev. Landherr, who was introduced by the Rev. Robert Fritsch, Optimist Club chaplain, told the audience that deaf persons are generally normal in every other way but are more handicapped in getting good jobs than the blind and the crippled.

MUSICIANS FEATURED AT CONCERT FRIDAY

The Tri-County Concerts Association's second offering of the season will be a sonata recital by Samuel Mayes, solo cellist of The Philadelphia Orchestra, and Vincent Persichetti, pianist and composer, Friday night, November 1, at Radnor High School, Wayne.

It will bring together two of Philadelphia's outstanding young musicians, both of whom also have attained considerable reputation outside of their own city.

The two musicians have chosen for their Tri-County recital a program of three sonatas: by Weber's Sonata in A, the Sonata Opus 6 of Samuel Barber, and Brahms' Sonata No. 2 in F major; with Beethoven's Seven Variations on a Theme from "The Magic Flute" serving as the opening number.

Admission to this recital is free, and it is open to the public.
